

Taken September 4, 2020

My grand-nephews, the Doyle boys from Chelsea, holding my new puppy “Ruckus George”.

The story that it tells is family, even during a pandemic.

Our family is very close, and during a normal summer the boys have spent one day a week with me either together, or the two brothers at one time.

The summer of 2020 was different, and stressful. This was the one day that I was able to have all boys together, and took them to meet the new puppy.

Kids are resilient, and although the masks were in place, the new puppy helped them forget the pandemic for a short period of time.

For me, the puppy has been helping get me thru a very challenging time by ensuring that I’m taking frequent walks and taking time for play!

I grew up in Chelsea, a graduate of CHS in 1971.

The puppy was born at Random Rescue in Chelsea and the 4 boys live in Chelsea.
